

# JABATAN PENGANGKUTAN JALAN MALAYSIA

# WMI MALAYSIA CODE APPLICATION

# Introduction

- Road Transport Department of Malaysia (JPJ) which is an Approval Authority for Motor Vehicle in Malaysia. JPJ has been appointed by the Department of Standards Malaysia as a “National Organization” for assigning WMI code for manufacturer in Malaysia effective on 1<sup>st</sup> April 2020.
- This appointment is base on MS ISO 3780 ‘Road Vehicle’ – WMI Code’, clause 3.2, stated “National Organization” is an organization designated by each ISO National Member body (Department of Standard Malaysia), and acting on behalf of the international agency responsible for the maintenance of WMI codes, for assignment of the codes.

# What is VIN?

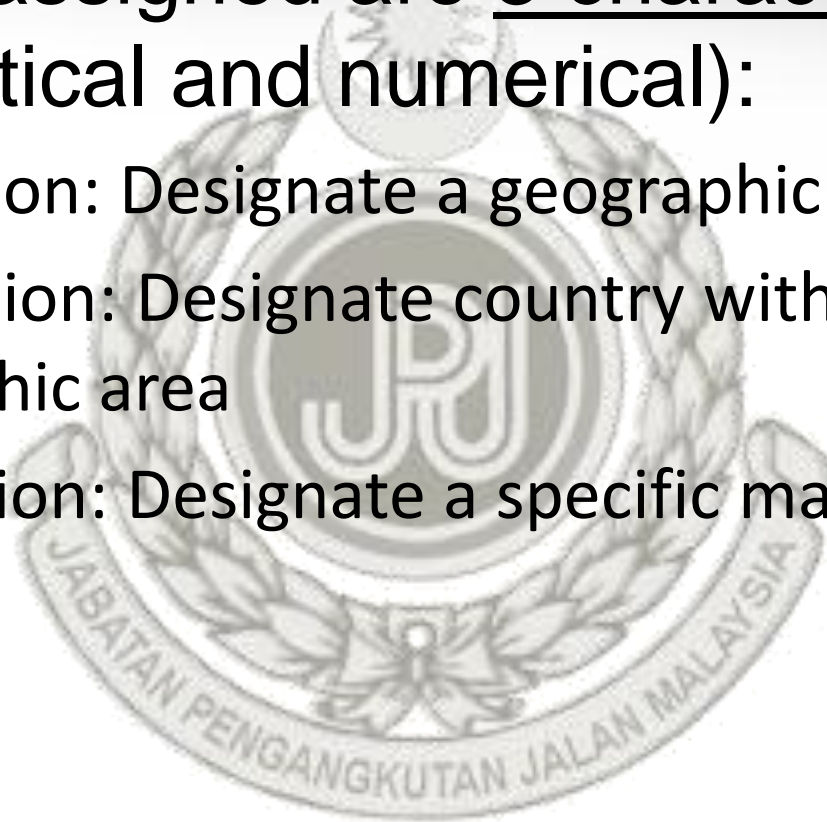

- Vehicle identification number (VIN), structured combination of characters assigned to a vehicle by the manufacturer for identification purposes.
- A unique number made up of 17 characters used to describe a vehicle.
- ISO has introduced a standardised numbering system for the identification of vehicle manufacturer. It is described in the following standards **MS ISO 3779 - Road Vehicles - Vehicle Identification Number (VIN) - Content And Structure**

# What is WMI?

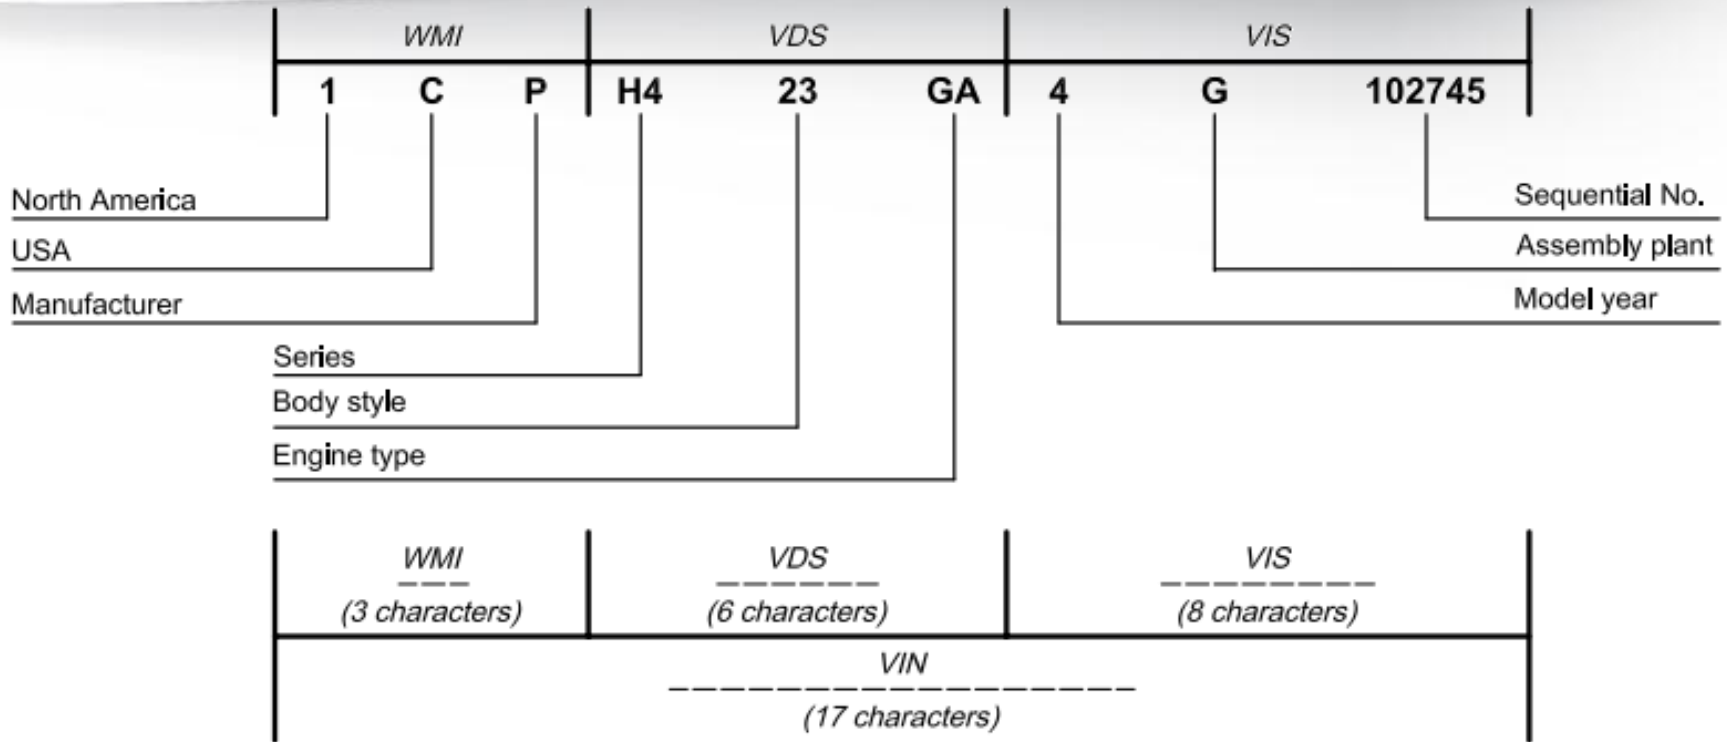

- First section of the vehicle identification number (VIN), which designates the manufacturer of the vehicle.
- Assigned to a vehicle manufacturer in order to allow identification of that manufacturer.
- WMI code needs to be registered with SAE (Society of Automotive Engineers), Pennsylvania, United States.
- ISO has introduced a standardised numbering system for the identification of vehicle manufacturer. It is described in the following standards:
  - MS ISO 3780 - Road Vehicles - World Manufacturer Identifier (WMI) Code
  - MS ISO 3779 - Road Vehicles - Vehicle Identification Number (VIN) - Content And Structure

# WMI Code

- All WMI assigned are 3 characters (alphabetical and numerical):
  - 1<sup>st</sup> Position: Designate a geographic area
  - 2<sup>nd</sup> Position: Designate country within a specific geographic area
  - 3<sup>rd</sup> Position: Designate a specific manufacturer

# VIN Numbering System

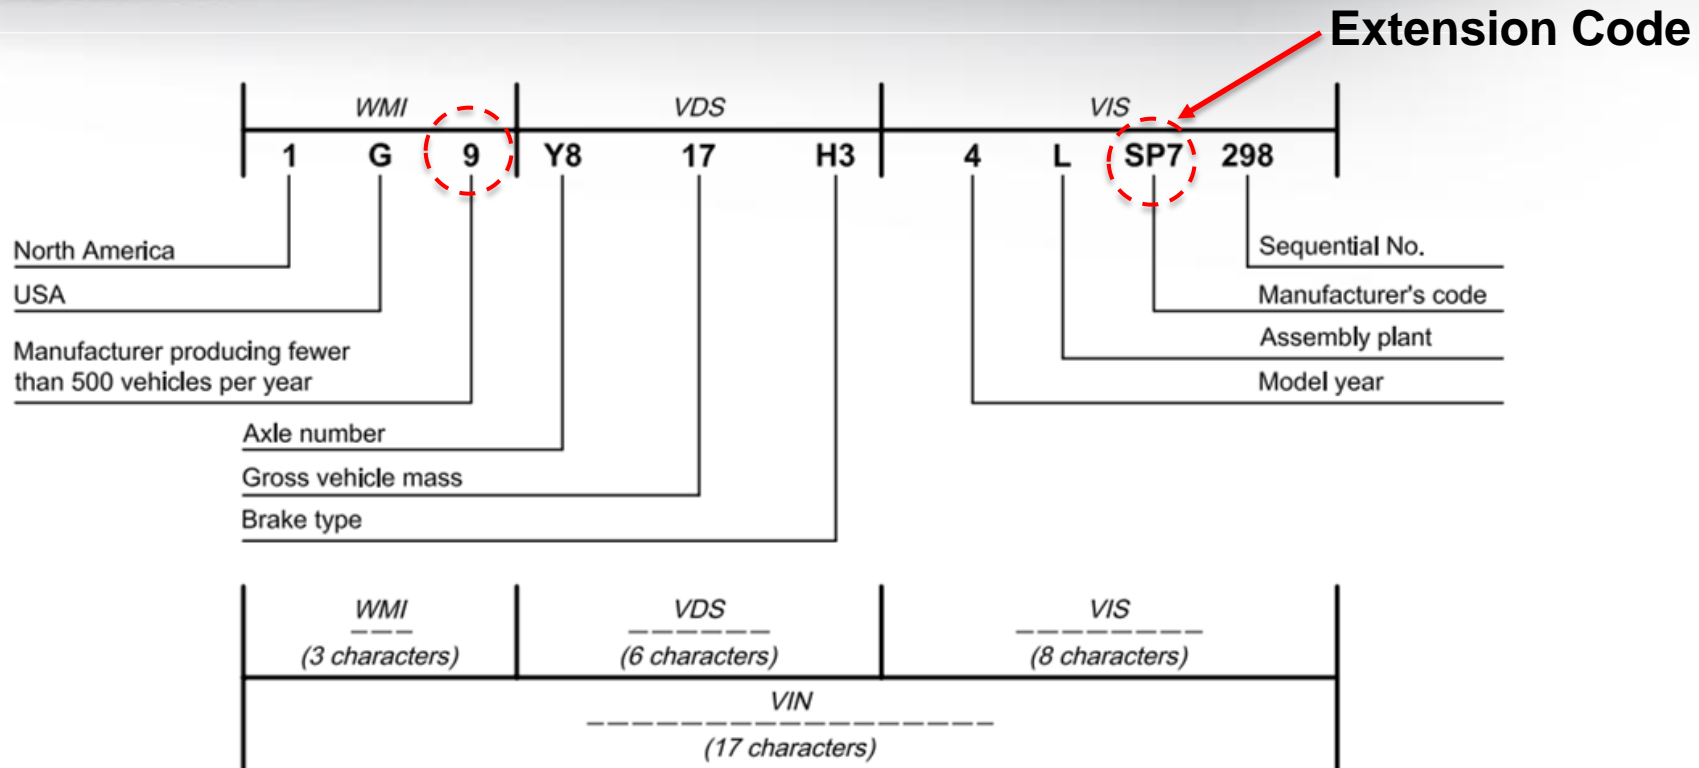

**Note:**

**VDS - Vehicle descriptor section**

**VIS - Vehicle indicator section**

# VIN Numbering System (Fewer than 500 vehicles per year)

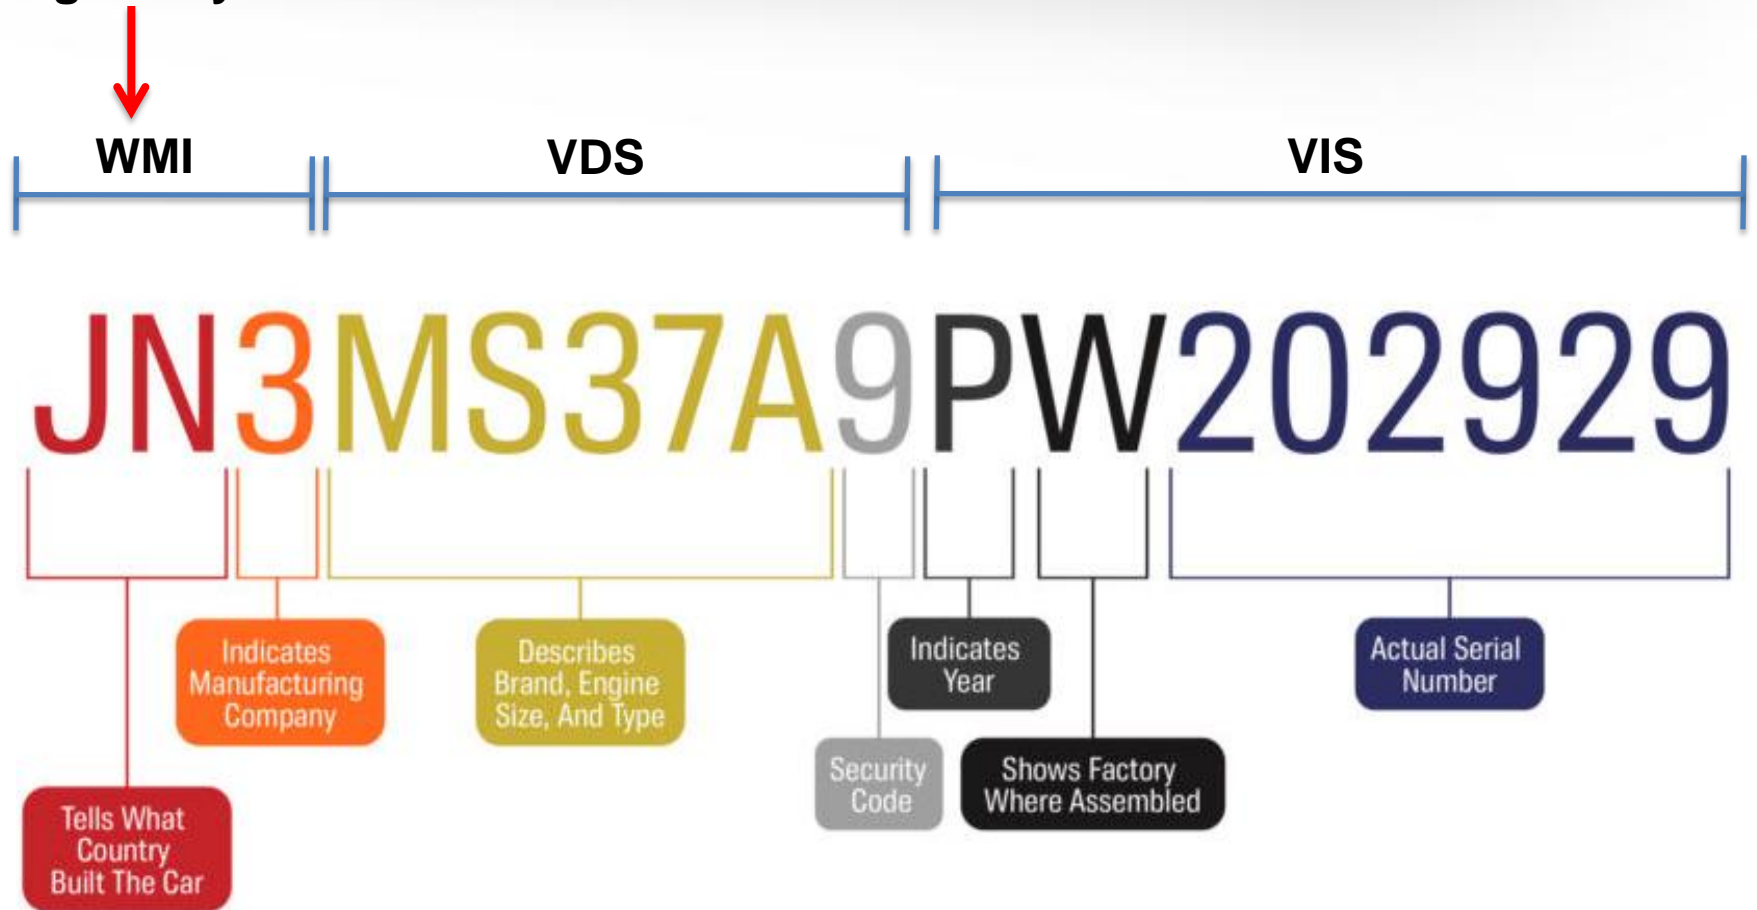

**Note:**

VDS - Vehicle descriptor section

VIS - Vehicle indicator section

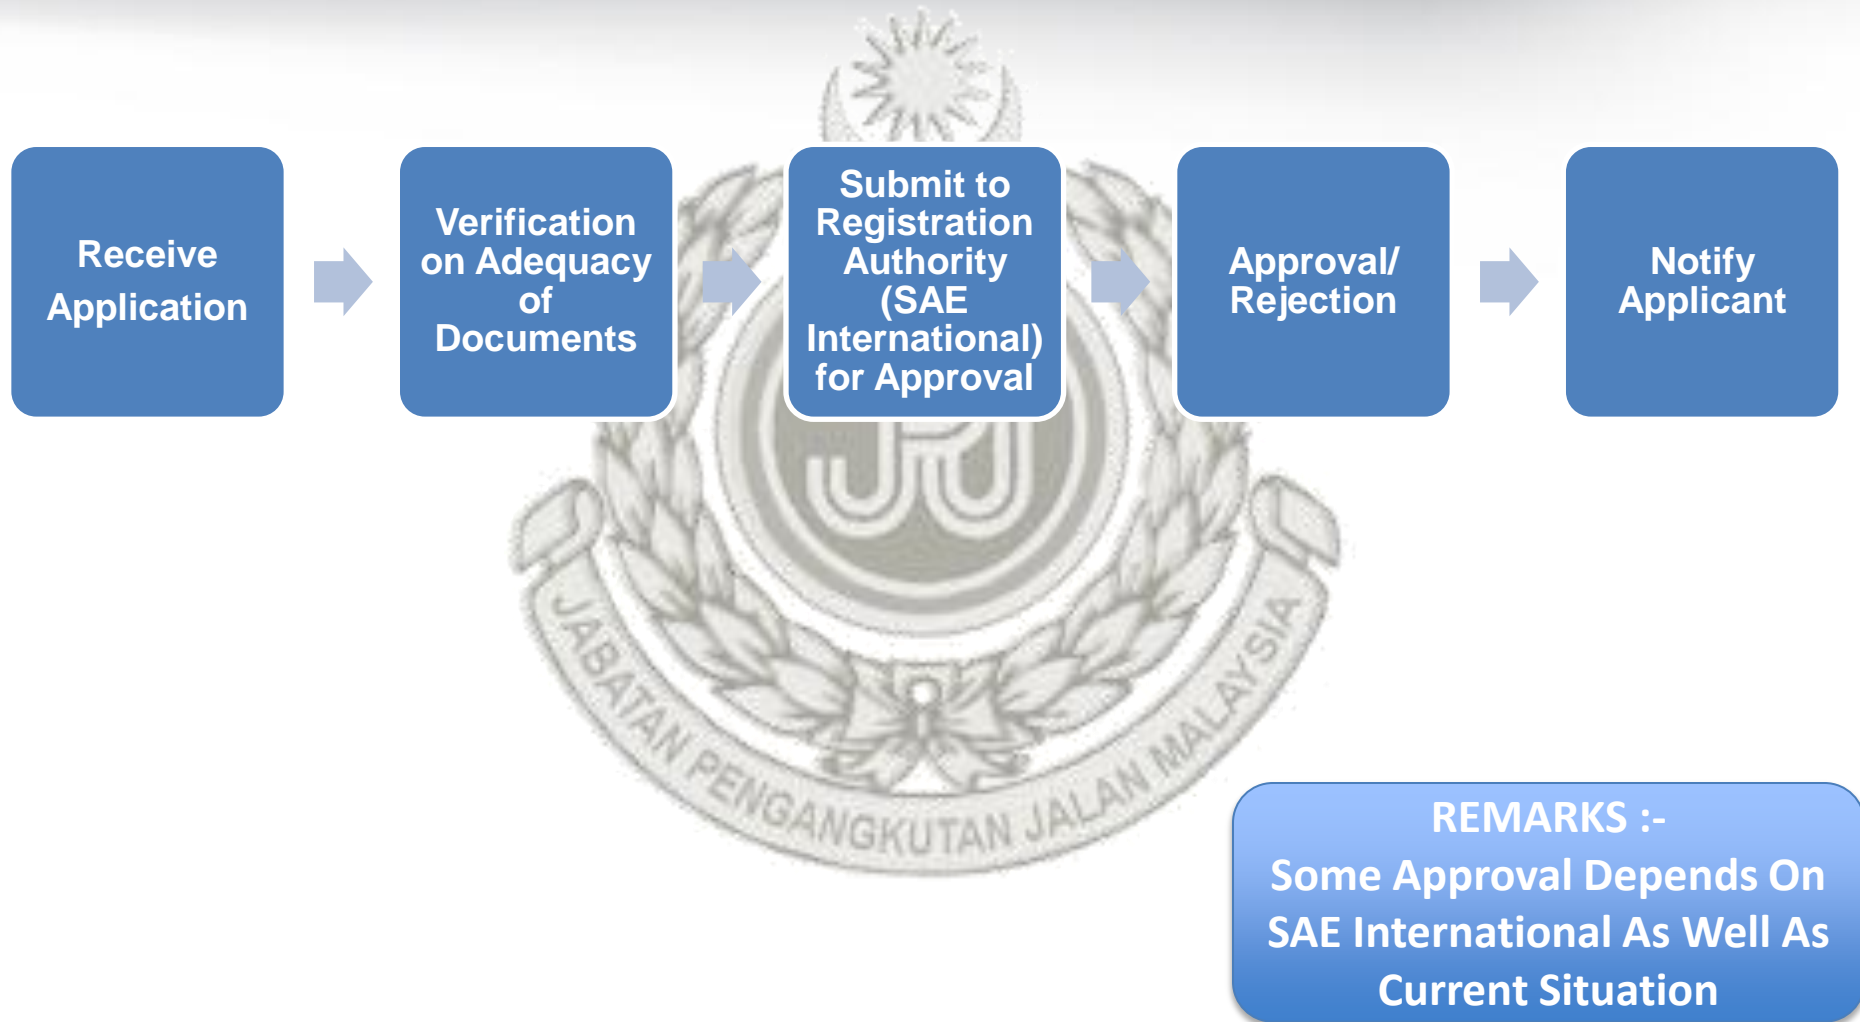

# VIN Numbering System

Assigned by JPJ
